TRISTAN JAY B. TRIÑANES

General Trias - Cavite, Philippines

LinkedIn | trinanes.tristanjay@gmail.com | Portfolio

TECHNICAL SKILLS

- **Languages :** JavaScript, TypeScript, SQL

- **Technologies :** Tailwind, React JS, Next JS, Node JS, Express JS, Prisma, PostgreSQL

- **DevOps & Tools :** Git, Postman

EXPERIENCE

Hackathons

- **BASE BATCH APAC**   2025 May

  - Collaborated on a team to design and deliver an innovative decentralized application.

  - Mastering workflow management and development processes.

- **METIS NETWORK HYPERHACK**   2025 August

  - Developed tooling components for on-chain infrastructure, enhancing developer efficiency in the Metis ecosystem.

  - Managed to win Track Three: Infrastructure and Ecosystem Tool and earned a spot in the Spotlight Campaign for marketing contributions.

- **AVALANCE NETWORK HACK2BUILD**   2025 December

  - We built an Ethereum smart contract, a "traffic light system" and rulebook, so machines can understand, follow rules, and act on transactions automatically.

  - Managed to win 3rd Place: Payments x402 Protocol.

Bootcamp

- **MOVERSCAMP**   2025 July

  - Mastered fundamentals of blockchain, decentralized application development, and smart contract implementation through hands-on training.
